International Freight Drone Code of Conduct for Business Partners

International Freight Drone (IFD) is committed to conducting business with the highest ethical standards. Maintaining these standards has never been more important than in today's competitive and rapidly changing global business climate.

This IFD Code of Conduct for Business Partners ("Code") sets IFD's expectations and standards for doing business and applies to agents, distributors, dealers, contractors, intermediaries, joint venture partners, suppliers and other business partners ("Business Partners") of IFD and its operating subsidiaries, affiliates and divisions, including merchandising affiliates of IFD.

The highest legal, moral and ethical standards of honesty, integrity and fairness are to be practiced in the conduct of IFD's affairs. In order to meet this standard, IFD expects each of its Business Partners to operate and act in full compliance with this Code and all applicable laws and regulations. IFD expects that Business Partners will hold their suppliers and other third parties to the same standards, and as such this Code also applies to affiliates and subcontractors of Business Partners and to their respective facilities to the extent those facilities supply goods and services for ultimate sale to or use by IFD.

IFD reserves the right to assess conformance to these requirements and will expect our Business Partners to correct non-conformance issues identified during assessments. Upon request, Business Partners will provide IFD with information to enable it to assess conformance with the code. We want to work with our Business Partners to improve conditions. If a Business Partner refuses or is unable to correct the non-conformance to our satisfaction, we may terminate the relationship as a last resort.

This Code consists of four parts: Employee Code of Conduct, Responsibility of Business Partners, IFD's Commitment to Business Partners, and Resolving Ethics Issues. After fully reviewing this Code, the Business Partner will be fully aware of the standards to which IFD holds itself and IFD's expectations of its Business Partners' actions.

Employee Code of Conduct

IFD holds all of its employees, officers, and directors, when they are acting in connection with their official IFD duties, to the policies set forth by the IFD Code of Conduct.

As a Company with global operations, we are committed to following the laws and regulations applicable to the locations in which we operate. Where this Code differs with local laws, we aspire to follow the higher standards unless actions required by the Code are prohibited by local law. Compliance with the Code and applicable laws are the minimum standard of conduct. All employees are expected to act with the highest business ethics in all IFD's activities and transactions.

Responsibility of Business Partners

As an extension to our Employee Code of Conduct, the following describes the responsibilities of Business Partners doing business with IFD. These highlight our expectations of our Business Partners, over and above any other contractual agreements such as supply, agent and distribution agreements and purchase orders. IFD reserves the right to amend this list of responsibilities. Please contact your IFD business contact with any questions regarding this Code and/or its applications.

Business Partners are expected to adhere to the following requirements:

IFD's Commitment to Business Partners

IFD's relationships with its Business Partners must be characterized by honesty and fairness. We are guided by the following standards of behavior:

- We will not make payments to any employees of Business Partners to attain lower prices or additional business.
- We will not reveal a Business Partner's pricing, technology or other confidential information without prior written permission.
- We will not make false or misleading remarks to others about Business Partners or their products or services.
- We will hold our Business Partners to the same standards and expectations to which we hold our own operations and employees.

Resolving Code of Conduct or Ethics Issues

Employees of Business Partners are encouraged to work through their own company to resolve internal ethics issues. However, Business Partners should promptly report violations of this Code or any unethical behavior by a IFD employee to a IFD manager or, if that is not feasible, to IFD's Ethics Helpline via the online report submission page.

Except as required by law, persons reporting concerns may request that they remain anonymous. IFD's Ethics Helpline makes every attempt to protect the confidentiality of information provided to it -unless maintaining confidentiality would create a significant health, safety or legal risk. IFD's Ethics Helpline is available 24 hours a day, seven days a week.
