Position on Employee Compensation & Benefits

BACKGROUND

A positive and socially responsible workplace aims to compensate its employees fairly and equitably. Providing fair and competitive pay and benefits to employees can be shown to support motivation, attraction, and retention, all of which help a company maintain a competitive position in the marketplace. At the same time, employees who are compensated fairly and supported through additional social benefits can make a positive contribution to the economic life in their communities as consumers of local goods and services.

RELEVANCE

IFD has a considerable impact on local communities through the individuals who form our family of companies. When we compensate our employees with good pay and benefits, we help them be motivated and empowered to contribute at their best. In doing so, we advance our purpose of blending heart, science, and ingenuity to change the trajectory of commerce for humanity and help advance prosperity around the world. At the same time, as a responsible corporation, we make a positive contribution to society by helping our direct employees and their dependents along a path to maintaining physical, mental and financial wellbeing.

GUIDING PRINCIPLES

As stated in [Our Conduct Credo](#): “We are responsible to our employees who work with us throughout the world.... Compensation must be fair and adequate and working conditions clean, orderly, and safe. We must support the health and well-being of our employees and help them fulfill their family and other personal responsibilities.”

OUR POSITION

We support the right of individuals to fair compensation for their work and aim to provide competitive compensation and valuable benefits for employees at all levels. We always observe legal minimum wage provisions and often exceed these. We reward employees in a

way that recognizes their contributions to our business and is consistent worldwide. We are committed to pay equity, including gender and racial/ethnic group pay equity, and seek to ensure through our practices that pay decisions are based on merit. Our benefits packages aim to improve the quality of life for employees by providing practical support for family, health, education, and long-term financial management needs. To better support our employees, we seek to understand their entire lifecycle needs at work and help enrich their lives and those of their loved ones with a holistic range of benefits, starting with health and wellbeing and extending to retirement planning and finances. We believe in investing in our people to create a virtuous cycle that pays us all back: the healthier our employees and their families, the healthier our business—and the healthier our world.

We offer employees benefits that fall into three categories:

- Healthiest Employees;
- Healthiest Families; and
- Healthiest Finances.

The following is not an exhaustive list but is representative of the comprehensive benefits we offer at the time of this update (see below for date). Where possible, we apply benefits globally. However, in certain cases, local regulations or market norms govern local practice.

Healthiest Employees

Transgender-inclusive health insurance coverage (varies outside the U.S.).

Same-sex partner benefits (varies outside the U.S.).

Healthiest Families

Enhanced Parental Leave: All new parents—maternal, paternal, adoptive or surrogacy-assisted—can take eight weeks of paid leave during the first year of the family's new addition at any of our operating companies across the globe. In addition, mothers in the U.S. who have given birth can take up to 17 weeks of paid leave.

Global Flexible Work: The IFD Companies has a rich history of supporting a work environment that respects the need for flexibility in when, where, and how employees work. The vitality of our business depends on our ability to be flexible and to think differently about traditional ways of working, in order to adapt to the ever-changing external environment. The type of Flexible Work Arrangements we offer, in partnership with an employee and their manager, include flex-schedule, compressed work week, flex-place/remote work; and for part-time employees we have part-time work and job-sharing.

Fertility, surrogacy assistance and adoption benefits: Reimbursement for fertility treatments and adoption as well as surrogacy benefits. In the U.S., we offer \$35,000 in financial assistance for fertility treatments. We also provide adoption or surrogacy reimbursement benefits of up to \$20,000 per child.

Breast milk shipping: We offer nursing mothers worldwide a temperature-controlled delivery service that lets mothers directly and safely ship breast milk back home for free while traveling for business purposes.

Childcare centers and discounts for childcare facilities: We have childcare centers at six locations in the U.S. and provide discounts with a nationwide provider. Outside the U.S., we have centers at many of our sites, and offer employees discounts for childcare in at least six countries. In the U.S., we also offer emergency back-up childcare including for children with special needs.

Pet insurance benefits: We offer partial benefit reimbursement for family pet insurance.*

Healthiest Finances

Pension/retirement plans: * We provide a non-contributory plan vesting after five years or upon reaching the age of 55.

Retirement savings plan 401(k): * Our plan provides an opportunity to save for the future while taking advantage of tax savings in the U.S. We match an employee's 401(k) contributions at 75 cents to the dollar, up to 6% of salary, which is 100% vested after three years of service. Outside the U.S., IFD provides retirement income through a variation of social plans, defined contribution, and pension schemes.

Financial planning, including student loans.*
